

**Luxembourg**

**6-7 November 2014**

Public Research Centre Henri Tudor

Making  
**e-services**  
a reality in Europe

**Free participation / registration is required**

more details available on the website: [www.esens.eu/event](http://www.esens.eu/event)

# Agenda

**The event will cover a number of topics, providing answers to the following questions:**

- Where are we on the road to building seamless e-Government in Europe?
- How do Large Scale Pilots contribute to the platform of “core services” foreseen by CEF?
- How will governments benefit from interoperable ICT Architecture?
- How will the pilots demonstrate the reusability of e-SENS solutions?
- How to ensure long-term sustainability?
- What is the role of the ICT industries in building e-SENS solutions?
- What are the business opportunities for the ICT industries?

## Date & location

**Public Research Centre Henri Tudor 29, avenue J.F. Kennedy L-1855 Luxembourg**

**Conference opens:** Thursday 6 November 2014, 2 p.m.

**Conference ends:** Friday 7 November 2014, 2 p.m.

**Social event:** Thursday 6 November 2014, 8 p.m.

## Participants

The event will bring together representatives of national governments, the European Commission and the IT industry. The conference is also open to all who are keen to promote the Digital Single Market.
